ACKNOWLEDGMENTS

DR. TAG POWELL

A special thanks to Claire Gamba, who first suggested I do the money seminars; Joyce Wilder for sharing at all levels; my Assistant Editor, Peggy Paul; Joan Williams; Betty Perry; Lisa Mandley; Jenny Maggelet; Karen Vance, and all the Office Volunteers; and, of course, all of Tag's Angels.

FOREWORD

Life and success aren't a straight line, and the way I met Dr. Tag Powell was indeed a winding road.

And, within every problem, there is an opportunity.

Sometimes ... it's a huge one.

Late October 2022, I received an email from Kindle Direct Publishing (KDP) stating that the copyright page in Helene Hadsell's book *Contesting: The Name It & Claim It Game* wasn't correct. If I didn't fix it within five business days, they would remove it from Amazon and Kindle.

This was a shock, to say the least, and to be transparent, not a welcome situation, but I knew I owned the rights to her books, etc., so I forwarded a copy of the agreement to KDP.

That did not resolve the problem. They directed me to a link leading to a page that described all the possible solutions, but it also didn't help me immediately figure out the solution.

What a predicament to be in! I'd been asked to honor Helene's legacy and was working hard to do so. Thousands of people have benefitted from her life-changing books, and the work is growing.

Yet...would I correct the problem so this important work could continue? If I couldn't figure this out, literally, all would be lost.

I decided to write to all her previous publishers, asking for a letter proving they no longer held any rights to Helene's publications.

The first one was easy. DeVorss & Co. remains to be a large publishing house. They promptly emailed me a letter.

The second one proved to be more difficult. Top of the Mountain Publishing appeared to be out of business. However, in my extensive online searches, I realized Dr. Tag Powell owned it.

"Hmmm ... Now, where have I heard that name before?"

Digging through the boxes of books I brought back from Helene Hadsell's home that previous April, I found it! *The Silva Method of Mind Mastery* by Dr. Tag Powell.

AHA!

Several searches later, I found four different mailing addresses for Tag Powell. I took a leap of faith and mailed a letter to each one, not knowing if

he was still alive. All the work paid off. A month later, I received a phone call that would take me and my business on a path I never could have imagined.

It was Tag. One of my letters had found him. He was happy to hear I was taking care of Helene's legacy. I promptly sent him a set of Helene's republished books, and Tag loved them. He was amazed at the current publishing methods and how I had updated each one of her books.

After that, I called him occasionally. During one of those calls, I asked him who would maintain *his* legacy once he was gone because the more I researched him and his wife, the more I saw the outstanding works they had authored—many with giants in the Thought Leader movement, such as James Allen, Wallace D. Wattles, and Dr. Jose Silva—the more I realized what a pillar of that movement they had been, as well.

I boldly brought up that topic as Tag was not well. He'd had a stroke and was struggling with COPD. I knew he wasn't long for this world, and he knew it, too. I proposed purchasing the rights to ten books he and his late wife, Dr. Judith Powell, had written, which had since sunk into obscurity. He agreed.

In March 2023, after doing my due diligence, my boyfriend George and I set off on a road trip to Florida to meet Tag and get the contract signed.

After a stop in North Carolina to attend a one-day sweepstakes banquet, we arrived in Tampa, Florida. Due to Tag's ill health, we could only visit in the afternoons and only for a few hours. I had hoped to conduct video interviews, but he wasn't up to it.

During our first visit, he showed me his extensive library and welcomed me to take whatever I wished. This was, indeed, an unexpected gift. I gratefully took another copy of Helene's 1988 edition of *Contesting: The Name It & Claim It Game* as I'd destroyed the spine on mine while scanning the pictures for the 3rd Edition I published.

I also chose five audio programs whose topics mirrored or dovetailed the books I would republish. We added them to the contract, too, so I could also make them available to the general public once again.

NOTE: The audio program Instant Money is a companion to this book and is available on www.WordsForWinning.com.

During our visit, I propitiously discovered that Tag wasn't his legal name. It was Ernest. (This was important because we were drawing up legal documents.) I asked him where Tag came from. He stated, "It was a gift from the Universe." I took that to mean he downloaded it during a meditation. Tag was a doctor. He earned a doctorate of psychorientology in 1982. (This was the same doctorate Helene had earned a decade before.)

We were only able to visit three times before heading back to Canada. They were wonderful listening to Tag, who regaled us with stories about the exciting adventures he and Judith had.

What had started out as a panicked situation one October morning changed the course of my business and my life, and because you are reading this book, yours too.

You never know what life will bring! So ... very literally, enjoy the journey with all its twists and turns. Embrace every adventure, and know that it will all turn out well in the end.
